Wasatch Front Extended Archery Orientation Course —

Certificate of Completion Required. Successful completion of a hunter orientation course and possession of the certificate while hunting is required to participate in the Wasatch Front Extended Archery hunt. The orientation course is in addition to the Hunter Education requirement. The orientation course will be available online through the Division's Internet site at: www.wildlife.utah.gov and other locations to be announced. See Section XIX.A. for deer and XX.A. for elk. The continuation of the Wasatch Front Extended Archery hunt depends upon hunters acting responsibly.

2003 LIMITED ENTRY BULL ELK TABLES

Permit numbers for 2003 will not be provided on the following tables in order to utilize up-to-date harvest and population census data. The 2003 permit numbers will be set by the Wildlife Board after the application period and prior to the big game drawing. The following tables provide the number of allocated permits and the number of applicants based upon their first choice for 2002. If there was a permit for residents or nonresidents in 2002, there will be at least one in 2003, unless noted in the hunt tables or in case of an emergency closure of the hunt unit. If no nonresident permits were available in 2002, there will be no permits in 2003, unless noted in the table.

*Hunts comprised of all or largely private property. Hunters should acquire written permission from the landowner to access properly posted private land before applying for the hunt.

LIMITED ENTRY BULL ELK Use RED 3-digit hunt number to apply.

STATE LAWMAKERS MAKE IT TOUGH ON WILDLIFE VIOLATORS

In 2001, the Utah Legislature significantly increased the potential license/permit suspension period for wildlife violators:

- A third degree felony may result in a seven-year license suspension.
- A class A misdemeanor may result in a five-year license suspension.
- A class B misdemeanor may result in a three-year license suspension.
- Suspension periods may be doubled for offenses involving trophy animals or for those violations committed while under a current suspension.
- Three or more class B or C violations in a five year period may result in suspension.

New book:

Access to Wildlife Lands in Utah

The Utah Division of Wildlife Resources has long recognized the important role habitat plays in maintaining diverse fish and wildlife resources. Toward that end, more than 90 Wildlife Management Areas (WMAs) have been established around the state. Virtually all of these lands are open for some type of wildlife-oriented public use.

One hundred eight WMAs and significant units within those WMAs are included in this book. The book also lists state fish hatcheries and fishing access locations.

The maps in this book were created by adding DWR land ownership information to available land status and topographic base maps. We use land status base maps so users can see adjacent land ownership patterns.

The book is available at all DWR offices.

Cost: \$9.95
